CANCELLATION OF POR CARD

Version
1.0.0

1. **Background** – NADRA had issued Proof of Registration (POR) cards to Afghan citizen in coordination with Ministry of SAFRON through a MOU between Government of Afghanistan and Government of Pakistan and UNHCR. POR database is being maintained by NADRA, however, ownership of the PoR database lies with Government of Pakistan (Ministry of SAFRON to manage in collaboration with UNHCR).
2. **Problems/Issues** - To protect any kind of fraud, all those people who apply for Pakistani National Identity Card, their data is matched with each other and also with POR/NARA card holder. Currently, few Pakistanis have obtained POR Card (Afghan Card) with malafied intention (Financial benefits or to travel abroad) but now are experiencing problem once data is matched with POR Card holder's database. There are also few Afghanis who are POR Card holder but over period of time have been Naturalized and granted Pakistani Citizenship, they are also unable to obtain Pakistan National Identity Card. Accordingly, they approach Ministry of SAFRON for cancellation of POR cards and MOI for issuance of CNICs. To address problem of these two categories policy has been formulated for cancellation of data of POR Card so that Pakistani ID Card be prepared for them. POR card is also required to be cancelled and database to be updated. This SOP would only deal those records whose expiry date is 31-12-2015 or before.
